Alphabetical Cemetery Listing

5122 Pierce Chapel Road
Midland, Georgia

April 2016

Located directly across the street from the church you will find the Pierce Chapel Cemetery. The cemetery has served its members for over a century.

Many gravesites are primitive and unmarked. At this writing, at least 35 gravesites cannot be identified. Many of them are stacks of stone, while others are illegible or had no identification.

Using a previous source, several burials were listed but could not be identified or verified at this writing. See the last page for additional listings, which most probably includes some of these unidentified graves.

Please note when searching for a particular name that in past days women were listed by their maiden names, with “wife of “ listed below. For example, Jane Doe – wife of John Smith. In this directory, it will be listed as Jane Smith (Doe) in an attempt to keep families together alphabetically.

In order to keep this listing current, any additional information, corrections, additions, and comments are greatly appreciated. Please contact the church office or send E-mail to rwimb79@bellsouth.net
